Local Coordinators

Dr. Nand Kumar; nkumar.arch@mnit.ac.in; +91 9549659074

Dr. Ashwani Kumar; akumar.arch@mnit.ac.in; +91 9549658116

Preamble:

The physical form and pattern of built environment in a city is the outcome of prevalent planning and design standards and building regulations. Many common issues of built environment are the consequence of existing building regulations in that settlement as building regulations are borrowed from other cities and adopted from one place to another across the country. This programme aims to develop the comprehensive understanding of the developmental regulations and highlight various concerns and issues of developmental regulations. The programme also intend to describe the various basis for formulations of building regulations and the impacts of developmental regulations on built environment.

KEY FEATURES OF THE PROGRAM

- Development Regulations and its impacts
- Review of URDPFI and Model Building Byelaws
- Issues, concerns and challenges of development regulations
- Impacts of Building Regulations on Built Environment
- Environment Responsive and Disaster Resilient Building Regulations
- Approaches for modifications in existing building regulations
- Implementation procedure for building regulations
